## T'Boli Gold-Silver Project Investor Presentation Update

**September 24, 2018 - Vancouver, British Columbia: Rizal Resources Corporation (TSXV: RZL)** ("Rizal" or the "Company") Further to Rizal's announcement dated the 4<sup>th</sup> September 2018, the Company has also made available a new Investor Presentation which can be found under "Presentations" within the "Investors" section of the website, or click [here](#) to view directly.

*"As part of our continued efforts to enhance communications with the investment community, we are excited to share the new investor presentation and other valuable information for investors, analysts, media and other stakeholders," said Peter Main, President & CEO. "We believe that our new presentation conveys the RIZAL story, our long-term strategic direction and value proposition, as we continue to work toward maximizing value for our shareholders."*

### Qualified Persons

Steven Olsen, member of AIG, has reviewed the exploration data and prepared the scientific and technical information regarding exploration results contained within this news release and presentation. Steven Olsen, an Independent Consultant, is a "Qualified Person" as such term is defined in National Instrument 43-101 and he has verified and approved the contents of this news release.

### About Rizal

Rizal is an exploration and development Company with a focus on its flagship T'Boli Project situated in the Philippines. The Company is using underground development to explore and define the extensive gold mineralization that exists at T'Boli.

The Company's longer-term vision is to use the cash flows derived from the future gold production at T'Boli to rapidly expand its Mineral Resource at the highly prospective T'Boli Project and to further expand and diversify its gold portfolio throughout Asia and North America.

Peter Main  
President and CEO

**Forward Looking Statements:** Certain statements in this release are forward-looking statements, which reflect the expectations of management. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations, assumptions or intentions regarding the future, including but not limited to that the company will be successful at raising sufficient capital to maintain and enhance operations. Such forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. There is no guarantee that exploration or production will result in an economically viable project due to these and numerous other risks and uncertainties normally associated with production stage mining projects. Such statements are subject to risks and uncertainties that may cause actual results, performance or developments to differ materially from those contained in the statements. No assurance can be given that any of the events anticipated by the forward-looking statements will occur or, if they do occur, what benefits the Company will obtain from them. These forward-looking statements are made as of the date of this news release and, except as required by law, the Company assumes no obligation to update these forward-looking statements, or to update the reasons why actual results differed from those projected in the forward-looking statements. Readers are cautioned not to rely on forward looking information as a result. The reader is referred to the Company's most recent annual and interim Management's Discussion and Analysis for a more complete discussion of such risk factors and their potential effects, copies of which may be accessed through the company's website or the Company's page on SEDAR at <http://www.sedar.com>.
