

NEWS RELEASE

Symbol: RZL.H

June 6, 2022- Vancouver, British Columbia: Rizal Resources Corporation (formerly TSXV: RZL) (“Rizal” or the “Corporation”) Rizal Resources advises the production results for TMC Tribal Mining Corporation on the Southern Philippines.

In May, the process plant milled 3875 tonnes at a low head grade of 1.63 g/t and 85.1% recovery. Bullion produced during the month was 4032 g gold (129 ounces) and 8350 g silver (268 ounces).

The tonnage treated represents a new record for mill feed tonnes since operations restarted in 2020, equivalent to 125 tonnes per day. Recovery also returned above 85% which is encouraging. Mill head grade continues to be around half of expected mined grade and is a focus for mining operations.

On Behalf of the Board,
Neil Grimes
Managing Director
